Creeping!

Consumption never strikes a sudden blow. It creeps its way along. First it is a cold; then a little hacking cough; then loss in weight; then a harder cough; then the fever, the night sweats, and hemorrhages. Better stop the disease while it is yet creeping. Do you not think so?

Ayer's Cherry Pectoral

SOLD FOR 75 YEARS
Is the one standard cough medicine of the world. It soothes, quiets, heals. Use it when your cold first comes on. Ask your doctor about this advice. Three sizes of this medicine.

To hasten recovery, aid nature in every way you can. Be sure to keep your bowels regular. Daily movements are absolutely essential. Ayer's Pills keep the liver active and the bowels regular. Dose, one pill at bedtime, only one pill.

LEGAL NOTICES.

IN THE CIRCUIT COURT, FIRST Circuit, Territory of Hawaii. In Probate.—At Chambers, No. 4535. In the Matter of the Estate of Walter C. Weedon, deceased.

On reading and filing the petition and accounts of Ida J. S. Weedon, Executrix of the estate of Walter C. Weedon, wherein petitioner asks to be allowed \$15,770.10 and charged with \$15,780.10, and asks that the same be examined and approved, and that a final order be made of distribution of remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibilities herein:

It is ordered, that Tuesday, the 14th day of October A. D. 1913, at 9:30 o'clock A. M., before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted.

Dated the 2nd day of Sept., 1913.

By the Court: A. K. AONA, Clerk.

OVER-NIGHT FEDERAL WIRELESS To the Advertiser

Harry K. Thaw has settled down to a monotonous six months' wait until the next step in the court proceedings instituted in an effort to prevent his deportation is taken at Montreal. Thaw does not have much hope of getting bail, nor does he know when he will be removed from Coaticook.

Thaw was much engrossed in the withdrawal of the gambling charge against Jerome, to whom a public apology was made last night by Justice Mulvena. "I would hate to see Jerome, or anyone else, go to jail, but he broke the law, and I think he ought to have been punished to some extent," said Thaw.

French journals today expressed indignation at the action of King Constantine of Greece in praising the German course in the two Balkan wars without mentioning France's efforts in behalf of Greece. King Constantine's praises are all for Emperor William.

By a vote of 78 to 181, the House today not only decreed the abolition of the commerce court, but adopted the Bartlett amendment to the urgent deficiency bill legislating the judges of that court out of office.

Dr. Fred J. Lane, brother of Franklin K. Lane, to whose home the latter was taken yesterday, issued the following bulletin: "The secretary is suffering from nervous breakdown. This is the climax of a severe nervous strain he had been under, combined with a bad cold from which he has been suffering."

The New York-St. Louis Flyer on the Pennsylvania railroad was derailed four miles west of here at 9:50 o'clock this morning, injuring thirty-five of the seventy-three passengers, and fatally injuring three of the crew. Six coaches went into a cornfield on one side of the track, the engine and tender striking a bridge abutment on the other side of the track and turning one span of the bridge into the air. The rear coach remained on the rails, and the next coach, although off the track, did not turn over.

None of the passengers was seriously hurt, but two firemen were so badly crushed and scalded that they will die, and a chef in the diner was seriously scalded. The engineer suffered a severe scalp wound.

With the Pan-American contests, the Camp Perry international rifle tournament closed here today. The American team will retain possession of the Palma trophy, representing the rifle championship of the world. It was defended by a score of 1714. The Argentine team, which was second scored 1684. A banquet in the visiting rifle men's honor was given tonight.

Major General Arthur Murray refused today to divulge the nature of the charges preferred against James E. Hughes, senior major, of the First Cavalry, commanding the third squadron at Monterey, which will bring the officer before a court martial at San Francisco Presidio September 15. "The charges are sufficiently serious to call for a general court martial to hear them," he said, "but I cannot make them public at present."

The house today passed a bill admitting free of duty all articles to be exhibited at the 1915 Exposition in San Francisco and establishing copyright and patent regulations for articles brought to the exposition. The bill now goes to the senate.

Maine Republicans were jubilant today over the election to congress of John Peters, speaker of the Maine assembly to succeed the late Representative Forest Goodwin. Peters' plurality over William Pattangall, Democratic is 553. John Lawrence, Progressive candidate ran 8000 votes behind Pattangall. President Wilson's plurality over Colonel Roosevelt in 1912 was 1456 and a heavy Progressive gain is indicated by this election; the Republicans say it indicates disapproval of President Wilson's tariff policy and Peters declares it means merely that the Republicans and Progressives have healed their breach.

(Special Cable via San Francisco to Sun Chun Quock Bo.) CANTON, Sept. 9.—Following a raid on the headquarters of the Wong Hing-Doctor Sun party here, where the government learned the plot for another revolution was foreshadowing, eight of the men captured were convicted of plotting against the government and were executed by order of Governor Lung.

Another raid resulted in the discovery of bombs with which it is said the revolutionists intended to kill Governor Lung. Six men captured in this raid are held in prison.

(Special Cable to the Nippon Jiji.) TOKIO, Sept. 9.—No remarkable progress has been made in the negotiations between Minister Enjio Yamazaki, the Japanese representative at Peking, and the heads of Yuan Shih-kai's government.

The appointment of the new Chinese foreign chief and five other cabinet ministers, under the premiership of Hun Hee Lun, was reported from the Japanese legation at Peking to the foreign office here today. The following appointments filled the vacancies caused by the resignations of the six Chinese ministers, including Luke Ching Cheong, the minister of foreign affairs, a few days ago:

Minister of foreign affairs—Sun Bo Kee; once the Chinese minister to France and later governor of Shantung.
Minister of justice—Leong Kai Chew; one of the former leaders of the Constitutional party in China.

Minister of education—Wong Tai Set, the former Chinese minister to Japan, who was recalled by Yuan Shih-kai only a few weeks ago.
Minister of interior—Chue Kai Kum; once the chief of bureau of Chinese police affairs.
Minister of agriculture and industry—Chong Hin; former advisor to that department.
Minister of communication—Chow Chee Chai; once governor of Shantung.

Japanese Minister Yamazaki today notified Baron Makino, the minister of foreign affairs at Tokyo, that hereafter he will carry on negotiations with Sun Bo Kee, the new Chinese foreign minister.

WHY FAIRER SEX OUTNUMBERS THE MALE

The fact that in almost all civilized countries women outnumber men has been ascribed to the higher birth-rate of girl babies; yet statistics show that 105 boys are born to every 100 girls. According to figures compiled by a European statistician, the girl has a better chance than the boy of attaining maturity.

He finds that from the third to the fifteenth year the mortality of both sexes is the same; from the fifteenth to the nineteenth year, the critical age for girls, the girl's chances are slightly better than the boy's; from the nineteenth year to the thirty-fifth year the mortality among women is smaller than among men, and it continues smaller until the seventeenth year. Then for a decade and a half the sexes once more have the same chance of survival, but above eighty-five years of age woman again stands a much better chance than man.

To account for this difference the statistician points out that woman has greater resilience in shaking off disease than man. It is true that the physical strength of man is greater than woman's, but a woman's power of endurance is more robust.

One reason for this is that woman possesses a finer perception of her power of endurance than a man, and when her perception warns her of fatigue she stops. A man does not stop until his power is exhausted. His nervous system is not as finely organized as a woman's, and as Mosso, the Italian physiologist, has pointed out, men and women are entirely dependent upon their nerves for caution not to over-exert. While it is true that women more easily contract many diseases, particularly nervous and mental diseases, then men, they overcome them with greater ease.—London Tit-Bits.
